

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2014_BJMCS_10194
Title of the Manuscript:	COEFFICIENTS BOUNDS FOR CERTAIN CLASSES OF ANALYTIC FUNCTIONS OF COMPLEX ORDER
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	In this paper the author discussed several classes of analytic function and determined the upper bounds of the absolute values of the Taylor coefficients for functions in these classes. The proofs of the theorems and corollaries in this article are correct. The results obtained by the author are the generalization of some results got by other authors. Although there are two minor errors in the article, I think the paper can be published. The errors are pointed out in the pdf file of the paper.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
