

SDI Review Form 1.6

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	2013_BJMCS_7892
Title of the Manuscript:	Sine-cosine method for a class of nonlinear fourth order variant of a generalized Camassa-Holm equation
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This paper is interesting and can be accepted after the following revisions: 1. Add the the article: <u>E.M.E.Zayed and M.A.M,Abdelaziz, "The modified sine-cosine method and its applications to the generalized K(n,n) and BBM equations with variable coefficients,"International Journal of Nonlinear Sciences,World Academic Press, world Academic Union, U.K. Vol.12 (2011) No.1, Pages 95-99,</u> which is a generalization of the method of the article under consideration. 2. Make sure your results satisfy the original equation.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

Note: Anonymous Reviewer
