Subject: Urgent request for clarification for manuscript number 2013_BJMCS_6934

Thank you for submitting your valuable manuscript number **2013_BJMCS_6934** (Title:Consequences of ViolatingRandomization In Cluster Sampling). Our Initial Review and Screening Subcommittee (IRSS) found a similar publication:

As per our strict quality control policy we cannot consider any published paper for our journals (Our General editorial Policy states: Submission of a manuscript clearly indicates that: the study has not been published (partly or as a whole) before or is not under consideration for publication elsewhere (except as an abstract or as part of a published lecture or academic thesis)) (Link: <http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy>).

Therefore, you are kindly requested to clarify this case at the earliest. Kindly inform us, if you have made any mistake during manuscript submission or not. If you have published this paper as only abstract in any conference, you need to adequately restructure the paper before submitting here to avoid any possible copyright or legal conflict.

You may wish to provide your clarification point by point in tabular format.

2. Author Reply for Special Query

There is no plagiarism, nor any legitimate reason for documenting any overlap, because the referent document is in fact just the unpublished form of my doctoral dissertation. The fact that Wayne State University catalogs all doctoral dissertations as open source does not require me to cite myself. I have adapted my manuscript submission form to include this acknowledgement. Please respond that you understand this and no further action is necessary on my part.
