

1. Special Query to Author

Subject: Urgent request for clarification for manuscript number 2013/PRRI/7403

Thank you for submitting your valuable manuscript number 2013/PRRI/7403 (Title: COMPUTER IMPLEMENTATION OF THE DRBEM FOR STUDYING THE CLASSICAL COUPLED THERMOELASTIC RESPONSES OF FUNCTIONALLY GRADED ANISOTROPIC PLATES). Our Initial Review and Screening Subcommittee (IRSS) found a similar submission in [British Journal of Mathematics & Computer Science](#)

Manuscript no. 2013/BJMCS/7391

Title: COMPUTER IMPLEMENTATION OF THE DRBEM FOR STUDYING THE GENERALIZED THERMO ELASTIC RESPONSES OF FUNCTIONALLY GRADED ANISOTROPIC ROTATING PLATES WITH TWO RELAXATION TIMES

Therefore, you are kindly requested to clarify this case at the earliest. Kindly inform us, if you have made any mistake during manuscript submission or not.

If these papers (attached) are not same and there is no question of double submission then you need to certify the same in writing. If possible kindly give points to differentiate these two papers.

After your certification other peer review formalities will be started.

2. Author Reply for Special Query

I hope that every body works in Sciencedomain International has a good health and a happy life forever, According to my submissions

1) COMPUTER IMPLEMENTATION OF THE DRBEM FOR STUDYING THE CLASSICAL COUPLED THERMOELASTIC RESPONSES OF FUNCTIONALLY GRADED ANISOTROPIC PLATES

2) COMPUTER IMPLEMENTATION OF THE DRBEM FOR STUDYING THE GENERALIZED THERMO ELASTIC RESPONSES OF FUNCTIONALLY GRADED ANISOTROPIC ROTATING PLATES WITH TWO RELAXATION TIMES

These papers are different and discussed different theories in thermoelasticity and the fundamental equations for these papers are different also

The first theory is classical coupled thermoelasticity theory

The second theory is generalized thermoelasticity with two relaxation times

The titles for these papers present the different theories also

Therefore, I hadn't made any mistake during manuscript submission
