

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2014_BJMCS_15370
Title of the Manuscript:	Computation of Eigenvalues of the Fourth Order Sturm-Liouville BVP by Galerkin Weighted Residual Method
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 	The manuscript seems to be mathematically correct in terms of the idea of the construction of the method by Bernstein polynomials and the obtained results. But mathematical writing and the presentation of Sturm-Liouville problem with conditions includes a lot of mistakes. So the paper needs rewriting. The following book may help to authors. N. Higham Handbook of writing for the Mathematical Sciences	The paper has been rewritten and tried to enhance the quality of the paper.
Minor REVISION comments 		
Optional/General comments 	It could be re-reviewed after rewriting completely.
