

SDI Review Form 1.6

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	2014_BJMCS_15452
Title of the Manuscript:	WSN: Lifetime Maximization of Rumor Routing Protocol with Optimization scheme and Bandwidth Evaluation
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Concept is not much clear 2. Need more explanation about results 3. Latest papers should be referred.	1. Most of the work reported on energy efficient and bandwidth estimation the literature based on hierarchical based protocol. However in this work we have considered data centric protocol and used optimization scheme 2. Results are compared with the author of similar work 3. Latest papers related to are of research of 2013 have already been included
Minor REVISION comments		
Optional/General comments
