

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2015_BJMCS_17733
Title of the Manuscript:	NUMERICAL AND ENUMERATIVE RESULTS ON OKOUNKOV BODIES
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The paper gives three results on OKOUNKOV BODIES. One on a geometric Fujitu approximation, the second is variation on proposed theorem and third is cardinality of Problem 4. The paper has degree of difficulty for non-Algebraic surfaces reader but generally is good. Therefore, the paper is recommended for publication with minor grammatical error.	The author made some small changes and corrected the linguistic side of the paper. A new version of abstract is provided.
<u>Optional/General</u> comments
