SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The work is very interesting. In the article, the authors propose a new method for calculating the Witt groups of P^1 . For this purpose, they use the localisation theorem of Balmer and the excision theorem of S.Gille.	
<u>Minor</u> REVISION comments	No strict mathematical proofs of some mathematical statements.	We added citations to references into prove theorems 1, 2, 3, 4, 5, 6, 7 and lemma 8.
<u>Optional/General</u> comments
