SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article has the correct structure. It includes all required elements in scientific papers. It examines the important mathematical problem, which also has a practical significance. Within the article was made: an analysis of literature issue, a problem formulation, a problem solution and verification of its usefulness based on test data. The whole proceedings was properly documented.	Thank you
Minor REVISION comments		
Optional/General comments
