

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	Ms_BJMCS_18825
Title of the Manuscript:	Solving interval linear equations with modified interval arithmetic
Type of the Article	Short Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Citations could be done according the Journal format.	Citations have been done according the Journal format
<u>Minor</u> REVISION comments	N/A	
<u>Optional/General</u> comments	The Authors, used modified interval arithmetic for solving interval system of linear algebraic Equations. Gaussian elimination method was also used. The concerns of the manuscript have been achieved.
