

SDI Review Form 1.6

Journal Name:	British Journal of Mathematics & Computer Science
Manuscript Number:	2015_BJMCS_18134
Title of the Manuscript:	On a New Technique for the Solution of the Black-Scholes Partial Differential Equation for Vanilla Put Options
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. The authors should number the sections with integers, eg section 4 instead of section 4.0 2. The authors should say what advantages does the method compared with other methods, for example in the concluding section-summary. 3. The authors should include in their references work (in them similar problems working):	

SDI Review Form 1.6

	(i) An alpha-Mellin transform and some of its applications O. Gonzalez-Gaxiola, J. A. Santiago fulltext: http://www.m-hikari.com/ijcms/ijcms-2012/45-48-2012/gaxiolaIJCMS45-48-2012.pdf (ii) A different approach for pricing Asian options D.I. Cruz-Baez, J.M. Gonzalez-Rodriguez; Applied Mathematics Letters 21 (2008) 303–306.	
<u>Optional/General</u> comments
