

SDI Review Form 1.6

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	Ms_BJMCS_18825
Title of the Manuscript:	Solving interval linear equations with modified interval arithmetic
Type of the Article	Short Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	In this paper the authors use modified interval arithmetic for solving interval system of linear algebraic equations. Gauss elimination method is used, this method is one of the useful solving methods of interval system of linear algebraic equations.. Though the work is not outstanding.	
<u>Optional/General</u> comments
