

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Medicine and Medical Research
Manuscript Number:	2013 BJMMR_4217
Title of the Manuscript:	Antinociceptive effects of ethanolic extract of Hybanthus enneaspermus leaf in male albino rats

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Authors did not attend the recommendations of this reviewer. So the manuscript has the same problems described before.	The recommendations of the reviewers have been objectively attended to. thanks
