SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	This is a research paper to discuss the method and quality of health care in schools. Literature review to support the arguments made in the conceptual paper is sufficient which produces good and strong arguments. Method of data collection and analysis conducted to derived to the conclusion is adequate.	
<u>Optional/General</u> comments	The reviewer would like to suggest that perhaps the author would like to expand the research scope of the study by conducting interview with the parents in order to obtain their opinion regarding the health care procedure that is currently being practised.
