SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none"> 1. There has been repetition in the introduction and discussion. Please avoid repetition. 2. Abstract is too long and again there is repetition with introduction. Make it crisp and precise. 3. Chest wall Tuberculosis with involvement of lung is very common in an endemic country like India and there is nothing to report in such case. 4. Culture and drug susceptibility testing was not done in this case which is a necessity as there is increasing incidence of drug resistance and diseases with NTM. 5. Kindly provide pre-treatment and post-treatment image of the chest wall lesion. 	
<u>Minor</u> REVISION comments	<ol style="list-style-type: none"> 1. Add few recent references. 2. Follow up of the patient should be described properly. 	
<u>Optional/General</u> comments	Nil.
