SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Please use new reference and better study the inhibitory data against tumour metastases	
Optional/General comments	This topic is an old story. It is a crude extract of a plant, and no new chemical structure. Most references are very old. This article is median quality.
