- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	<p>The paper reports data about the possible anti-inflammatory, analgesic and antipyretic effects of a methanol extract of Mentha spicata.</p> <p>Even if the paper is of interest, it need of a deep revision, both in style and grammar and in presentation.</p> <p>In fact, English should be revised as in some parts the paper is unintelligible.</p> <p>Moreover, the general presentation is weak and there are some sentences that should be deleted, as the last sentence of Abstract.</p> <p>Furthermore, data of Tables and Figures can be arranged and these data must be NOT repeated in the text (ore vice- versa).</p> <p>Conclusion section should be reorganized.</p>	
Minor REVISION comments		
Optional/General comments
