Subject: RE: Request for evaluation of revised paper, reference number:
2013_BJPR_7244

I have gone through the revised version of the manuscript and the authors have affected the corrections. However, if it's the opinion of the authors to fragment the information into papers which he hoping to publish later on, its okay. You may wish to consider the paper provided other reviewers have agreed to that. The final decision is on the editorial board.
