PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>This paper reported the work of "Hepatotoxicity of Ethanol Extract of Adenium obesum Stem Bark in Wistar rats." and provided some pharmacological data for the crude extract. Though there are still a few grammatical mistakes in the manuscript, the authors carefully answered the most of questions before I put forward. So this manuscript has been improved satisfactorily and we think this paper could be accepted for publication in British Journal of Pharmaceutical Research.</p>
