SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	-pls rewrite this MS because many part of this MS are same as your other MS. Even the same author but not good that you use the same sentences. Try to rewrite and change wording. -Pls look at the result of your previous MS ... how to write LBG, Agricultural wastes and method.....? try to write like that but use different sentence. -did you determine the mannanase activity? No result in this MS. -what is method that use to identify the isolated fungi? -where is the results of fungal identification?	The manuscript has been updated in line with reviewer comment. The correction has been effected mannanase activity was determined. The result of the activity is in the manuscript. The result for the fungal identification has been added. Thanks for the comments.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
