**PART 1: Review Comments**

|                                            | <b>Reviewer's comment</b>                                                              | <b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--------------------------------------------|----------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | It is important to clarify the number of infected whether it 85 or 107.                | <b>Corrections effected</b>                                                                                                                                                                 |
| <b><u>Minor</u></b> REVISION comments      | Some minor corrections have been indicated in the document                             | <b>Corrections effected</b>                                                                                                                                                                 |
| <b><u>Optional/General</u></b> comments    | A good paper that I think would be more useful to publish it local journals in Nigeria | <b>Corrections effected</b>                                                                                                                                                                 |
