SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Definition of MDR Tb needs to be added in introduction Authors need to be clear abt rf resistance and MDR because both isolated rf resistance cannot be interpreted as MDR without testing for INH resistance	INTRODUCTION Multi-drug-resistant TB (MDR-TB) defined by resistance to at least the two major first line anti-tuberculosis drugs, isoniazid (INH) and rifampicin (RIF)
<u>Minor</u> REVISION comments	400-414 quote more studies to justify your prev of rf in comparison to other studies.	NOTED
<u>Optional/General</u> comments
