PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	This study was carried out to assess the mycobiota and aflatoxins contamination in selected common smoked-dried fish samples sold at Ojo Oba market in Ado Ekiti, Nigeria and their environmental health implications. This is survey work and the area of study is in Nigeria and my quotation is: the author can provide us with some cases of poisoning with aflatoxins occurred in the area of study? Please you can provide us with official documents?	The study was meant to assess the level of contamination of smoked fish samples with respect to the potential health implications. It was not based on any history or case of aflatoxicosis in such area.
