SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here).</i>
<u>Compulsory</u> REVISION comments	This article is well written, though I have some comments to be considered here:	The author agreed with the reviewer comments and have effected all the correction.
<u>Minor</u> REVISION comments	1- Table 2: The author did a simple statistical test on two parameters; he needs to test all parameters together i.e. ANOVA for all proportions in (% positive) and then analyse if a significant difference occurred; he may use Tukey-Kramer test. 2- 3- Table 3: same as above And correct (24) in txt to (24%), also the legend.	
<u>Optional/General</u> comments	After considering those comments it would be ready for reconsideration.
