SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Check the Keywords. - Interventional cardiologu 3p line 84 taking int → taking into	Thank You for this remark. We made appropriate corrections.
<u>Minor</u> REVISION comments	The abbreviations for “polyarteritis nodosa” are different in the abstract, the introduction and the discussion. e.g. PN, PAN Abstract Aim : general vascular problems affect also the heart → general vascular problems also affect the heart	Thank You for this remark. We made appropriate corrections.
<u>Optional/General</u> comments	All references should follow the guideline of the journal. e.g.) Senzaki H. Long-term outcome of Kawasaki disease. Circulation 2008;118(25):2763-72. doi:10.1161/CIRCULATIONATA.107.74915 → Senzaki H. Long-term outcome of Kawasaki disease.Circulation 2008;118(25):2763-72.	Thank You for this remark. We made appropriate corrections.
