

Author Feedback:-

Thank you for sending the comments. The reference 68 was changed to the newer one "[Ruggiero A](#), [Vitalini S](#), [Burlini N](#), [Bernasconi S](#), [Iriti M](#). Phytosterols in grapes and wine, and effects of agrochemicals on their levels. Food Chem. 2013;[141](#):3473-79" and highlighted in yellow color as commented in the last revise. Please find the attached file of last version of manuscript.

Thank you so much indeed and hope it could be accepted soon,
