

SDI Review Form 1.6

PART 1:

Journal Name:	<u>International Journal of Biochemistry Research & Review</u>
Manuscript Number:	2013_IJBcRR_4258
Title of the Manuscript:	OCIMUM GRATISSIMUM ALLEVIATES DERANGEMENTS IN SERUM AND BILIARY BILIRUBIN, CHOLESTEROL AND ELECTROLYTES IN STREPTOZOTOCIN- INDUCED DIABETIC RATS
Type of the Article	Research paper

General guideline for Peer Review process is available in this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Mention what species of <i>Ocimum gratissimum</i> you are referring to and it is essential to mention the toxicity and scientific identification of the plant. Certain points of grammar must be corrected. Also, be specific on what type of diabetes you are referring to and what rats you are using.	1. The species of the genus "Ocimum" used in our study is <i>gratissimum</i> and this has been clearly described in the introduction. 2. This have been addressed in the materials and methods- refer LD₅₀ studies. 3. Added
<u>Minor</u> REVISION comments	When citing your references, please use square brackets instead of round brackets. Refer to the peer reviews paper which is already published which matches the pattern of the journal. If you look here International Journal of Biochemistry Research & Review. Look at this article as an example to write your references.	1. We have changed them to square brackets.
<u>Optional/General</u> comments
