

SDI Review Form 1.6

PART 1:

Journal Name:	<u>International Journal of Biochemistry Research & Review</u>
Manuscript Number:	2013_IJBcRR_4711
Title of the Manuscript:	EFFECT OF REGULAR PHYSICAL EXERCISE (AMONG CIRCUS ATHLETES) ON LIPID PROFILE, LIPID PEROXIDATION AND ENZYMATIC ANTIOXIDANTS
Type of the Article	Research paper

General guideline for Peer Review process is available in this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	1. Study should be approved by institutional Ethical Committee, which has not been mentioned in the Manuscript. 2. There should be specific scientific criteria for sedentary & exercising groups e.g. BMI (As the workers in Circus in my view do the vigorous exercise which can not be compared with a normal person's life style). 3. In spite of the above reasons the research work is interesting & eligible for publication in the journal of this repute (but it must fulfil the no-1 criteria mentioned above)	
<u>Minor</u> REVISION comments	Year in the running text is missing at some places which should be there along with the names of the scientist. I have highlighted the portions in the text.	

SDI Review Form 1.6

<u>Optional/General</u> comments	Good work The study must be cleared by Institutional Ethical Committee which I have already commented above.
