SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Clinical trials of this topic (cytokines/adipokines and NAFLD) are elsewhere, this study emphasized "Egyptian patients", does it the first study of this kind in Egyptian? 2. All the trials are from the same hospital, are these patients representative? I mean, to represent patients in different areas in Egyptian. 3. The author declared the 21 control subjects were age, gender... matched, but according to the data presented, the age in the two groups are different. 4. Some of the context lack references.	1-NO, there is some studies as study done by Madiha M El-Attar and Nagla T El-Melegy. SERUM LEVELS OF LEPTIN AND ADIPONECTIN IN PATIENTS WITH NONALCOHOLIC FATTY LIVER DISEASE: POTENTIAL BIOMARKERS JASMR, 5(2): 101-108 (2010) And Hoda Aly Abd El Moety, Dalia Aly Maharem, 3Marwa El Gandour, Amr Aly Abd El Moety. Adiponectin: A Differential Marker Between Steatosis And Steatohepatitis. Bull. Alex. Fac. Med. 46 No.4, 2010. 2-Yes, from Gastroenterology Out-patients Clinic in El Sahel Teaching Hospital. And this already was written in the Manuscript 3-This sentence was deleted from original Manuscript. 4-All missed ref added in yellow highlight color. check these references in the original Manuscript with high light yellow color
Minor REVISION comments		

SDI Review Form 1.6

	1. The abbreviations in the manuscript are quite messy, eg, insulin resistance/IR, T2DM, interleukine 6/IL6 etc. 2. Some of the expressions are quite confusing that need to be clarified. 3. And spelling is also need to be carefully checked.	We check all abbreviations in the manuscript and adjust it according your instructions. check these modifications in the original Manuscript with high light yellow color We delete some of these expressions. We enter the manuscript to be revised by electronic Dictionary.
