SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The article is interesting and brings aspects of nutrition and animal production, with emphasis on the importance of valuing the type of feeding cattle for the production of quality products. Recommended care for the style of the references in the appropriate manner and homogenize.	
<u>Minor</u> REVISION comments	Recommended care for the style of the references in the appropriate manner both in the text and in the list (as some in the text are capitalized - should be praying type, and use and eliminate &) and mix (if applicable to the proper use to , . ; , and).	
<u>Optional/General</u> comments	It is a good job, except for typos and / or words together; proper use of words in italics, and style of references should be corrected. Various styles on the list and some other unnecessary data. Check (eg. on line 195. Ansorena D.L. and Astiasaran L. 2004 ... should be!???) The work is original and no. Apparently there is no conflict of interest. Unless the letter of originality that authors should send the editor.
