

1. Special Query to Author

Thank you for your mail and attachment. Kindly see the '**Special Editorial Note**' in **our previous mail**. In this report, you are found some red highlighted portion i.e. the similar texts with the below links of each highlighted portion.

You are kindly requested to reconstruct these sentences (specially the red highlighted parts) and also take the reference of these published paper and send us the modified one. It will help you avoid future complication.

Only after your modification we can proceed for 'final evaluation and final decision'.

We hope you'll appreciate our strict and high publication standards, which are designed to give benefits to the authors in long run.

2. Author Reply for Special Query

Kindly find attached Manuscript with corrections highlighted with yellow color.

3. Special Query to Author

Thank you for your mail and attachment. We are really appreciate that you cited the reference as published paper in your revised paper. But please see '**Special Editorial Note**'. In this report, you are found some red highlighted portion i.e. the similar texts with the below links of each highlighted portion.

You are kindly requested to reconstruct these sentences (specially the red highlighted parts) and also take the reference of these published paper and send us the modified one. It will help you avoid future complication.

Only after your modification we can proceed for 'final evaluation and final decision'.

We hope you'll appreciate our strict and high publication standards, which are designed to give benefits to the authors in long run.

4. Author Reply for Special Query

I send this mail regarding our paper entitled : Role of Serum adiponectin , IL-6, and Hs CRP in nonalcoholic fatty liver in Egyptian patients; I need time to adjust paper as you like, I do my best for this correction but I do not understand what you mean by red square which done above the manuscript. I hope to cooperate more with me. Hope hearing from as soon as possible.
