SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Reference (4) was written in 1990 and thus could not refer to 2009 statistics. Please add the right reference. Table 1: to what amount of constituents correspond the + and ++? Should state this in Table 1 or in the Results section. (i.e. what does low and moderate refer to?)	The paper was written in 2010. Correction has been made. The amount of the constituent was not determined since it was qualitative analysis that was carried out and not quantitative analysis.
Minor REVISION comments		
Optional/General comments
