**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments		
<b><u>Minor</u></b> REVISION comments	In Abstract, add the meaning of the acronym EAC in the first citation, in line 14; it appears only on line 18. In Presentation of Case add why there was thirty days of delay for treatment. Also, indicate whether an anchor was used to stabilize the articular disk. In Discussion include a comment about the delay in initiating treatment.	We made the corrections according to your suggestion. The patient came to us 20 days after the accident because she spent the first 10 days to the local hospital and the remaining 10 days she was looking around for the best treatment.
<b><u>Optional/General</u></b> comments
