<p>The response to earlier queries has not been submitted by author</p> <ol style="list-style-type: none"> <li>1. What is active ingredient of cypermethrin used?( The author is confused for dosages of cypermethrin provided under text, but he/she has not given active ingredient of formulation used for this study. If formulation is EC, SC and what % of this formulation used. He has not mentioned whether some formulation or technical grade material is used)</li> <li>2. There are many references which are not mentioned in text but quoted in "Reference" list. The ref in line 114 (Ayinde 1983) is mentioned under text but its year of publication is missing under "reference section". The number of references cited under text is around 16 but quoted under "reference section" around 37. The author was asked to recheck it again.</li> <li>3.</li> </ol>	<p>I did not work on the active constituents of cypermethrin. However, I will note in further studies. I have included the year for Ayinde in the reference as cited in the text. The year is 1983. Other responses have been submitted since 28 December, 2012 in my last memo to the editor.</p>
