

SDI Review Form 1.6

PART 1:

Journal Name:	<u>International Journal of Plant & Soil Science</u>
Manuscript Number:	2013_IJPSS_4981
Title of the Manuscript:	Quantifying Medicago sativa yield under deficit irrigation technique in sandy soil
Type of the Article	Research paper

General guideline for Peer Review process is available in this link:

[\(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline\)](http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

- This form has total 7 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	<ol style="list-style-type: none"> 1- Abstract you may need to revise the abstract based on the comments in the text 2- Years of the experiment is being carried out should be written 3- Pot size (liter) should be given in the Material and Methods 4- Is there any fertilizer application to pots? 5- Line 106-110: the meaning of all the parameters should be given 6- The names are given instead of number in Table 3. 7- Irrigation water amount (liter) should be given in table 3. 8- Figure 1 and Table 5 are given same results. For this reason, Table 5 may be omitted in the text. 	
<u>Optional/General</u> comments	<ol style="list-style-type: none"> 1- It would be better to present data for 2 growing period 2- Pot experiments must be at least 4 replicates
