

SDI Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	2014_IJPSS_13036
Title of the Manuscript:	Pedo-transfer function for saturated hydraulic conductivity and soil losses under Vetiver alleys for soil fertility and aggregation
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	No major reversion and strongly recommended for publication	
Minor REVISION comments	Line 22: Ksat may change to saturated conductivity. References should be according to journal stile.	Saturated hydraulic conductivity and (K_{sat}) mean one and the same thing.
Optional/General comments	Very good elaborative paper in which lot of field and laboratory experiments were conducted to get conclusions.	Thanks
