

### **Author's Feedback:**

**Final revised manuscript: Ref. 2013\_IJPSS\_8206**

**"Effects of macro- and nano-cobalt oxide particles on barley seedlings and remediation of cobalt chloride toxicity using sodium hypochlorite"**

We have accepted all changes in the text.

Actions taken on the comments

1. The \* mark in the title was placed for email address of the corresponding author. However it has now been removed.
2. There are two authors in the paper. The first author is Sonia, and the second author is A.K.Thukral. Accordingly, in the acknowledgement, the word 'is' has been replaced by the word 'are'.
3. The spelling of the word government in the acknowledgement has been corrected.

All the suggestions in the manuscript have been incorporated.
