The final decision for manuscript number 2013IJPSS8724 entitled 'Evaluation and Preservation of Some Longan Cultivars' written by Masoud, M.R.M.; Fatma H. M. El - Massry and Lobna A. M. Hareedy

The manuscript is acceptable for publishing in the International Journal of Plant and Soil Science. However, minor correction is needed.

1. Abstract. 'Study design: Mention the design of the study here'. It should be corrected.
2. According to the Journal requirements thereferences must be numbered in the order that they appear in the text. Starting from the beginning of Introduction (line 21) instead of '(Wong, 2000)' should be '[1]' and so on.
3. All Tables must be self-explicable. So, below the Tables 5, 6 and 7 must be written again what do 1, 2, 3, 4 and 5 means. It must be again written the same explanation which is given below Table 1 and 4.
4. According to the Journal requirements, two additional subsections should be added after CONCLUSION:
 - COMPETING INTERESTS
 - AUTHORS' CONTRIBUTIONS

My final decision is: Accept after minor correction.
