

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	2013_IJPSS_6532
Title of the Manuscript:	Rice Response to Phosphorus and Potassium in Fluvisol of Second Order Lowland in a Guinea Savanna Zone of Sub-Saharan Africa

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<ol style="list-style-type: none">1. Authors should avoid speculations and extrapolations. For example, L274-275, no studies were specifically conducted to determine the reversibility of P as a result of the nature of the test soil. The authors should make this clear and mention conditional clauses.2. A thorough editing of the manuscript may still be needed.
