

**Editor's Comment:**

With reference to our previous correspondence, I send as an attachment the checked manuscript entitled **"Sustainable production of cabbage using different irrigation levels and fertilizer types affecting some soil chemical characteristics"** (2015 AJEA 17590). I accept this manuscript for publication in AJEA.

**Editor's Details:**

Dr. Edward Wilczewski,  
Faculty of Agriculture, University of Technology and Life Sciences in Bydgoszcz, Poland
