PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	Please indicate what NCD stands for.	We have spelt it out in the first sentence of the introduction as Noncommunicable diseases.
<u>Optional/General</u> comments	A well performed study and well written manuscript. However, the paper does not add anything new to our knowledge.	Well, we agree that the study is well performed. However, we also feel the findings add to the evidence-base for the global level programming of HIV/AIDS and Diabetes.
