Subject: Re: Accepted IJTDH #2973

[.....(Sentence deleted to hide personal communication)]the editorial Office still need a lot of work as a professional journal.

The authors are very careless for writing and resubmission.

For example, there is one letter space between sentences and words in some paragraphs. The authors made the break key without making any new paragraph so the sentence lines were changed. There was no appendix. However, the authors showed the subtitle "appendix".

Others are for examples:

1] The body shift to the left after line 15.

2] There are large space after line 149, 162, and 296.

3] Table 2 is a terrible presentation horizontally. The authors [or the editorial office] should fix it before uploading.

4] Some table is extending for two pages. It is very unprofessional.

Please use the attached file [manuscript #2973] for your edition/correction.
