Review comment submitted (Date)	

SDI Review Form 1.5

PART B: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part and write here 'Corrected'/ if not agreed, give suitable justifications)
General comment:	The subject of the paper Recurrent loss Pregnancy Loss is not new. Many publications detail different aspects of the problem.	
Specific comments:		
Title and abstract	Title is short an clear. The abstract is not clear to explain the main of the study.	
Introduction	Introduction is difficult to understand and should be most concise.	
Review of literature (Heading may differ in the case of review paper)	Review in complete and extense.	
Materials & methods (Heading may differ in the case of review paper)	Materials and methods are well detailed.	
Results & discussion (Heading may differ in the case of review paper)	Results are simple exposed in tables, no comments are taking in consideration. Only the most important findings should be informed. No a clear organization is seen. Discussion need more background information, stamentn of results, explanation and exemplification. Which limitations has the paper?	
Conclusion	Conclusion is clearly expressed	
References	Review are required.
