SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	I reviewed the manuscript with No. 2014_IJTDH_10180 and found it interesting about study of the between Association Hepatitis B Virus and Non Hodgkin's lymphoma in Sudanese Patients and recommend this study for publication after minor revision. Also I proposed some comments need to address in revised format of article as follow: 1-In Introduction: Dose published any earlier African reports about association between HBV infection with NHL 2-In Methods: Use tables to present the PCR protocol with more informatively.	1- A study done by Elsyed et al (2006)in Egypt 2- Table of the PCR protocol was done 3- All patients attending national Cancer institute were included in this study 4- SD: Standard deviation P: probability: OR : Odd Ratio CI : Confidence Interval

SDI Review Form 1.6

	3-In Methods: if using any inclusion criteria please describe. 4-In results: use related informative abbreviations in each tables to better present the results. 5-In references: observe the style of journal.	5- Reference was done as Journal style format
<u>Optional/General</u> comments
