PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	I have indicated and have provided an Appendix. The paper is about Nigeria. The caption is all about global ! Hence some elaboration/expansion is necessary. The matter as in <i>italics</i> are to be considered for induction (marked as **). Approximate places of induction have also been indicated. The References have been provided accordingly marked as [R].	The paper has been revised following the suggestions of the reviewers. The necessary elaborations/expansions have been considered. I appreciate your meaningful inductions. I have searched and downloaded the references. Valuable information have been extracted from the references and incorporated with the revised manuscript.
<u>Minor</u> REVISION comments	Some references from Latin America may make things still better C. Laveran's - may be quoted ad-verbatim – for the benefit of record dissemination (only if available).	I have added some references from Latin America. The literature was found in Usmanu Danfodiyo University, Sokoto in 2004.
<u>Optional/General</u> comments	Line No. 150 THIS IS NICE LITTLE FINDING	Thanks for your commendation.
