SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Lane 32: It is not right. Other Schistosoma species can cause schistosomiasis. It should be changed to "In Uganda, schistosomiasis is mainly caused by..." 2. The authors frequently used reference numbers as subjects. For example, "[18] reported..." It should be changed to "Kinoti [18] reported..." 3. Lane 184: What does "spatial scales sales" mean? 4. Lane 199: This sentence is hard to understand. Did it mean that "Our study conducted in the same region in these previous studies"? 5. Lane 203 to 205: These sentences are hard to understand. Please rewrite more clearly and concisely. 6. The reference style you used is not appropriate for this journal. Please check the instruction for authors of this journal again and rewrite the reference list carefully. There are many other errors in this section. 7. Reference number 17: Is this a paper in press? If so, please provide the journal name in which the paper will be published.	
<u>Minor</u> REVISION comments	1. Lane 66: "months" should be put between "six" and "between" 2. Lane 119: [18] is not right. It should be changed to [17]. In addition, "in press)" should be deleted. 3. Lane 191: This sentence is not right. This should be changed to "Our results seem to tally with those in the previous studies [3, 20, 21, 22]." 4. Lane 226 and 232: "shistosomiasis" should be corrected to "schistosomiasis".	
<u>Optional/General</u> comments
