

1.Special Query to Author

Thank you for submitting your valuable manuscript number **2013/IJTDH/6481** (Title: **Thymic atrophy during infection as a host response to avoid tolerance to persistent pathogens**). Our Initial Review and Screening Subcommittee (IRSS) found a similar publication:

Available at (http://www.mdpi.com/journal/diseases/special_issues/feat-papers)

As per our strict quality control policy we cannot consider any published paper for our journals (Our General editorial Policy states: Submission of a manuscript clearly indicates that: the study has not been published (partly or as a whole) before or is not under consideration for publication elsewhere (except as an abstract or as part of a published lecture or academic thesis)) (Link: <http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy>).

Therefore, you are kindly requested to clarify this case at the earliest. Kindly inform us, if you have made any mistake during manuscript submission or not. If you have published this paper as only abstract in any conference, you need to adequately restructure the paper before submitting here to avoid any possible copyright or legal conflict.

You may wish to provide your clarification point by point in tabular format.

Clarification Table

Sl No	Section of manuscript	Your manuscript (In this column please write similar sentences, values, figures, etc from your manuscript)	Previously Published manuscript (In this column please write similar sentences, values, figures, etc from the published papers)	Authors clarification (In this column please write your clarification to differentiate your manuscript from previously published paper)
01	Title			
02	abstract			
03	Introduction			

04	Methods			
05	Results and Discussion			
06	Conclusion			
07	Reference			

If these papers are not same and there is no question of plagiarism you need to certify the same in writing. After your certification other peer review formalities will be started.

Your fast reply will be highly appreciated.

2. Author Reply for Special Query

This record from Diseases journal will be removed asap as I have just notified them to proceed on this matter. I have originally submitted our manuscript to Diseases but they have declined our submission as it does not fit in the scope of the journal. Please, find below my message I have just sent to the Diseases' editor:

Dear Rang

I have submitted my review manuscript to another journal and they are claiming there is a similar article being published in the Diseases journal as our original abstract still appears in your website. Could you please remove any of our records from your website?? I really appreciate your collaboration on this matter.

With regards,

Alexandre Morrot

3. Special Query to Author

Thank you for your mail. Kindly confirm us after completion of this withdrawal process.

Your fast reply will be highly appreciated.

4. Author Reply for Special Query

Please note that the abstract was already removed, so let me know if we can proceed on the submission.
