

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	2014_IJTDH_14609
Title of the Manuscript:	Prevalence of Malaria in the Highlands of Obudu Cattle Ranch, Nigeria
Type of Article	Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
-The authors did not correct the comments (orthographic, style and format)	Further revision has been made: TITLE: This is a prevalence study. Prevalence involves both old and new cases (incidence) of the infection. The study considered both old and new cases of malaria within the 4-year period. Hence discussion of incidence in the text is not out of place. However, spot errors on the use of incidence/prevalence in the text have been appropriately corrected. ABSTRACT: Abstract has been revised to have background, the objective, methods of study, findings and conclusion. RESULTS: All comments have been corrected and highlighted in yellow colour in the revised manuscript. Data in Previous Table 2 are now presented in a graph. DISCUSSION Comments have been corrected accordingly; first paragraph removed and proper editing done. CONCLUSION Comment has been corrected. General Comments Comments have been addressed.
