SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Lines 194 - 195 This demonstrates the differences in societal values and perception attached to the weight 194 of a child which was the main justification for force feeding among most respondents in the 195 present study. Reviewer The difference between societies consists on the information on health risks, diabetes and insulin resistance. The population badly needs to be informed on this point. The AA. have not to lose this occasion	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
