SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	None	
<u>Minor</u> REVISION comments	None	
<u>Optional/General</u> comments	1) Article seems to be a very important instrument in terms of getting information regarding family planning prevalence in local population which can be used in formulating and implementing further schemes for the region. 2) Statistical methods are appropriately used and results seem to be quite genuine. 3) Overall a good study.
